About Moksh

Rejuvenate Your Mind, Body, and Soul

We offer comfortable accommodations in our home, allowing you to experience the local way of life while enjoying the comforts of a modern home. We encourage our guests to explore the outdoors, whether it be going for a hike, a bike ride, or a swim in the nearby river or lake.

Disconnecting from technology and embracing a more natural way of living is an essential part of the experience we offer.

At Moksh, we believe in sustainable living and embrace a greener lifestyle. We use solar energy to power our homestay, and we grow our own organic vegetables and fruits. Our guests are welcome to participate in our eco-friendly practices and learn about sustainable living.
